

RIVERVIEW MUSIC DISTRICT: Welcome Center

Cyrus Beasley, Faustyn Pavicich, Greg Wheeler, Jasmine Morrow, Lauren Burton, Phil Timmons

PROJECT FEATURES

The soul of the music district will be the small bars, restaurants and performance places where musicians will play. These will develop over time, as ground floor event spaces, interspersed with other commerce, having housing above to support street activity throughout the day. A strong connection with the active street, allowing a little audio and visual access to the performers will entice audiences to come inside.
