

EDUCATIONAL LIVING CENTER: Program Layouts

Aiyana Marrow, Evette Eaton, Min Ho Choi, Paris Beasley, Suhaila El Banna, Victor Martinez

PROGRAM TYPES

UNIT A: Social Hub Year 1

Used for first year participants. This 2 bedroom unit has a shared living space to foster belonging and connections among residents. The d.i.y. and educational space encourages students to learn from community experts. Additionally, the common areas act doubly as a skill workshop and a gathering area for participants to socialize and learn together.

UNIT B: Years 2 + 3

As a higher resident you get to enjoy more personal space and privacy (1BD or Studio). These larger living units still retain the shared social and learning space, allowing the participants to gather and practice their skills. As residents graduate/they will have local community based avenues to work and professional apply the skills they've learned.

Shared Spaces

Additional community amenities include shared garden spaces and workshops. The community garden space & any other educational space is for residents not only to learn from community experts but also to practice teaching skills they have learned to community members through hosting student led workshops.
